DIRECTIONS FOR SAFE, EFFECTIVE USE OF THE SAFETY-KLEEN PARTS WASHER UNIT AND SAFETY-KLEEN IMMERSION CLEANER UNIT. READ BEFORE USING.

I. SAFETY-KLEEN PARTS WASHER SOLVENT

Safety-Kleen solvent is a high flash, hydrocarbon solvent suitable for use in degreasing applications.

A. Combustibility

Safety-Kleen solvent is a combustible material. That means it will burn under certain conditions. Your Safety-Kleen parts washer should not be installed where it can be exposed to heat, sparks or open flame; nor should there be any smoking nearby while a Safety-Kleen parts washer is in use.

B. In Case of Fire

Use dry chemicals, foam or carbon dioxide to extinguish flames. The safety fusible link is designed to melt and allow the cover to fall shut and smother any flames.

C. Toxicity

Safety-Kleen solvent is by definition considered only slightly toxic to relatively non-toxic. Avoid inhaling or swallowing the Safety-Kleen solvent and its coming in contact with your skin, face and eyes. If taken internally, splashed in your eyes, inhaled, or upon contact with your skin, face or eyes, follow the instructions below for treatment.

1. Skin contact-Remove contaminated clothing. Wash skin twice with soap and water. If irritation or pain develops or persists, consult a physician.
2. Eyes-Wash with plenty of water. Call a physician immediately.
3. Internally-Do not induce vomiting. Call physician immediately. Guard against inhaling solvent into lungs.
4. Inhalation-Avoid breathing solvent vapors. Adequate ventilation should be provided in any area where the Safety-Kleen parts washer is being used.
5. Clothes-If your clothes become saturated with solvent, change clothes immediately. Above all, do not smoke or go near an open flame or sparks while clothes are wet with solvent.

II. USE OF YOUR SAFETY-KLEEN PARTS WASHER

- A. Avoid leaving large parts or tools in your parts washer which might prevent the lid from closing in case of a fire in your place of business.
- B. Avoid leaving solvent soaked rags either in your parts washer, wadded up on workbenches or in uncovered containers. Do not put a solvent soaked rag in your pocket. It will cause a skin rash at point of contact.
- C. If you use a soaking pan, make certain that its height is less than the sink height and empty it into the sink as soon as you have finished using your parts washer.
- D. Do not let open pans of solvent sit either in the sink or anywhere else around your place of business.
- E. Safety-Kleen cannot accept for reclamation materials other than the solvents originally supplied and the materials removed from the parts cleaned. Therefore, additional solvents or other materials must not be added to the machine. You should note that even small amounts of low flash point materials (such as gasoline) lower the flash point of Safety-Kleen solvent substantially.
- F. If, for any reason, the fusible link should break or fail, call your local Safety-Kleen branch for a replacement. Do not use a cotter key or other device to hold the lid up. The fusible link is checked each time a Safety-Kleen man services your unit and if the safety link is faulty, it will be replaced. If it breaks between our service periods, call for a replacement immediately.
- G. Do not place extremely heavy objects in one end of the parts washer unit. The parts washer is very stable but an extremely heavy object could result in the washer being tipped if it is bumped, causing the solvent to dump out on your floor.
- H. Any and all solvent spills should immediately be soaked up with absorbent material, such as Safety-Kleen absorbent, and the solvent soaked material should be removed from the shop area. Contact Safety-Kleen for disposal.
- I. Part of Safety-Kleen's service is immediate repair or replacement of your parts washer should there be any failure of any kind. Simply call your local Safety-Kleen branch. The number is on the parts washer lid.
- J. Your Safety-Kleen parts washer should be plugged into a grounded outlet. Under no circumstances should a grounding prong be snipped off the plug. Safety-Kleen provides, at no charge, an adapter which permits grounding on two-prong electrical outlets.
- K. Do not remove solvent from your parts washer.

III. SAFETY-KLEEN IMMERSION CLEANER SOLVENT

Immersion Cleaner Solvent is a mixture of aromatic naphtha cleaning solvents and N-Methyl-2-Pyrrolidone for use in removing varnish formed on automotive parts such as carburetors, transmissions, etc.

A. Combustibility

Safety-Kleen Immersion Cleaner is a combustible material. That means it will burn under certain conditions. Your Safety-Kleen Immersion Cleaner should not be installed where it can be exposed to heat, sparks or open flame; nor should there be any smoking nearby while a Safety-Kleen Immersion Cleaner unit is in use.

B. In Case of Fire

Use dry chemicals, foam or carbon dioxide to extinguish flames.

C. Toxicity

This solvent contains aromatic 150, N-Methyl-2-Pyrrolidone and Monoethanolamine. **DO NOT BREATHE VAPORS! HARMFUL OR FATAL IF SWALLOWED! DO NOT INDUCE VOMITING! CALL A PHYSICIAN IMMEDIATELY. KEEP AWAY FROM EYES! WASH IMMEDIATELY AND COPIOUSLY WITH RUNNING WATER. CALL A PHYSICIAN.** Avoid contact with skin and clothing. If solvent is inadvertently spilled on skin or clothes wash immediately with running water. Remove clothes as quickly as possible and discard.

IV. SAFE USE OF YOUR SAFETY-KLEEN IMMERSION CLEANER

1. Keep away from heat, sparks and flame. Do not place hot parts in solvent.
2. Use only solvent provided. **DO NOT ADD OTHER CHEMICALS TO THE CLEANING SOLVENT, INCLUDING BUT NOT LIMITED TO KEROSENE, FUEL OIL, GASOLINE, DETERGENTS, CHLORINATED SOLVENTS OR ANY MATERIAL CONTAINING POLYCHLORINATED BIPHENYLS.** The use of any other solvents potentially causes a hazardous condition over which Safety-Kleen has no control.
3. Do not smoke, drink or eat in work area.
4. Use only in well ventilated locations. Avoid repeated and/or prolonged breathing of vapors. Vapors are heavier than air and will collect in low areas.
5. Avoid contact with eyes. Use protective eye wear such as chemical goggles.
6. Avoid contact with skin. Use protective gloves and protective clothing.

Should you desire any further information about our solvent, our service or our company, please do not hesitate to write or call - Phone No. 1-800-669-5740. The Safety-Kleen parts washer is covered under Directive #100-22, issued by the Occupational Safety and Health Administration's Director, Office of Standards, dated February 20, 1973.

RECLAMATION AGREEMENT

Safety-Kleen agrees as part of this machine placement, to collect for reclamation from Customer the used solvent supplied by Safety-Kleen to the machine. Collection of the used solvent shall be on a periodic basis as otherwise provided herein. Safety-Kleen shall reclaim the used solvent for redelivery. Safety-Kleen has the capacity and is permitted to accept, store and reclaim the spent solvents described on this document.

Safety-Kleen and Customer agree that this agreement is intended to satisfy the requirements of 40 Code of Federal Regulations 262.20(e), as amended, and any state regulations which implement said provision. Customer agrees to keep this form on file for 3 years from the date of last service.

ADDITIONAL TERMS AND CONDITIONS

Safety-Kleen agrees to furnish the above service on its equipment, and Customer agrees that all servicing, repair and maintenance of the equipment shall be performed by Safety-Kleen only. All equipment and solvent shall remain the property of Safety-Kleen and shall be returned to Safety-Kleen upon termination of service. Customer agrees to pay for replacement of equipment due to loss or damage.

Customer agrees that it will not mix the solvent provided hereunder with other materials, that it will not introduce any substance into the solvent which is regulated as hazardous waste or which contains polychlorinated biphenyls, and that it will not otherwise cause the alteration of the characteristics or components of the solvents.

Customer agrees to indemnify and hold harmless Safety-Kleen, its officers, directors, employees and agents from and against any and all losses, expenses, damages, demands and claims based upon any injury, death or damage arising out of Customer's acts or omissions and to pay any and all damages costs and expenses (including reasonable attorneys' fees) in connection therewith. Customer agrees that Safety-Kleen is not responsible for any violation, loss or claim arising from noncompliance with a pollution control law caused by release of solvent to the environment from the unit or resulting from customer handling, including, but not limited to, spills into adjacent waterways, sewer lines or ground water, however caused. Safety-Kleen accepts responsibility for any spill caused by its agents in connection with the installation or servicing of the machine by Safety-Kleen.

Customer agrees that service hereunder will continue until Customer or Safety-Kleen terminate service. The termination will only be effective after receipt by the non-terminating party of written notice of termination to be received on the greater of 30 days prior to the date of cancellation or the length of the service interval appearing in the Machine Placement section provided, however, if Customer is a party to a One-Year Service Agreement with Safety-Kleen, Customer shall not have the right to terminate said Contract except as provided in said Contract.

The total due on the reverse side is subject to an interest charge of the lesser of 1 1/2% per month (18% per annum) or the maximum rate allowed by law on any unpaid invoices that are not paid within 30 days.

In the event of default, Safety-Kleen shall be entitled to recover costs of collection, including reasonable attorneys' fees.

In the event the credit card issuer refuses to accept the credit card charge for this transaction set forth on the front of this document, you are authorized to charge the amount of this transaction to my Safety-Kleen account.

Safety-Kleen agrees to furnish clean solvent service and solvent removal service on cleaning equipment owned by customer at the above location. Safety-Kleen is not responsible for repair or maintenance of such equipment. Solvent servicing and removal shall be performed by Safety-Kleen only.

Customer agrees to indemnify Safety-Kleen against any loss or claim arising from any personal injury or property damage, however caused, resulting from the placement or use of the machine on the customer's premises. Safety-Kleen is not responsible for any violation, loss or claim arising from non-compliance with pollution control laws caused by release of solvent to the environment from the unit and resulting from improper customer handling including, but not limited to spills into adjacent waterways, sewer lines or ground water, however caused. However, Safety-Kleen accepts responsibility for any spill solely caused by its agents in connection with the installation or servicing of the machine by Safety-Kleen.

DIRECTIONS FOR SAFE, EFFECTIVE USE OF SAFETY-KLEEN SOLVENT

READ BEFORE USING

I. SAFETY-KLEEN SOLVENT

Safety-Kleen solvent is a high flash, hydrocarbon solvent suitable for use in degreasing applications.

A. Combustibility

Safety-Kleen solvent is a combustible material. That means it will burn under certain conditions. Your parts washer should not be installed where it can be exposed to heat, sparks or open flame; nor should there be any smoking nearby while the parts washer is in use.

B. In Case of Fire

Use dry chemicals, foam or carbon dioxide to extinguish flame.

C. Toxicity

Safety-Kleen solvent is by definition considered only slightly toxic to relatively non-toxic. Avoid inhaling or swallowing the Safety-Kleen solvent and its coming in contact with your skin, face and eyes. If taken internally, splashed in your eyes, inhaled, or upon contact with your skin, face or eyes, follow the instructions below for treatment.

1. Skin contact-Remove contaminated clothing. Wash skin twice with soap and water. If irritation or pain develops or persists, consult a physician.
2. Eyes-Wash with plenty of water. Call a physician immediately.
3. Internally-Do not induce vomiting. Call physician immediately. Guard against inhaling solvent into lungs.
4. Inhalation-Avoid Breathing solvent vapors. Adequate ventilation should be provided in any area where the Safety-Kleen parts washer is being used.

5. Clothes-If your clothes become saturated with solvent, change clothes immediately. Above all, do not smoke or go near an open flame or sparks while clothes are wet with solvent.

II. USE OF YOUR PARTS WASHER

A. Avoid leaving solvent-soaked rags either in your parts washer, wadded up on workbenches or in uncovered containers. Do not put a solvent soaked rag in your pocket. It will cause a skin burn at point of contact.

B. If you use a soaking pan, make certain that its height is less than the sink height and empty it into the sink as soon as you have finished using your parts washer.

C. Do not let open pans of solvent sit either in the sink or anywhere else around your place of business.

D. Safety-Kleen can not accept for reclamation materials other than the solvents originally supplied and the materials removed from the parts cleaned. Therefore, additional solvents or other materials must not be added to the machine. You should note that even small amounts of low flash point materials (such as gasoline) lower the flash point of Safety-Kleen solvent substantially.

E. Any and all solvent spills should immediately be soaked up with absorbent material, such as Safety-Kleen absorbent, and the solvent soaked material should be removed from the shop area. Contact Safety-Kleen for disposal.

F. Do not remove solvent from your parts washer.

III. SAFETY-KLEEN IMMERSION CLEANER SOLVENT

Immersion Cleaner Solvent is a mixture of aromatic naphtha cleaning solvents and N-Methyl-2-Pyrrolidone for use in removing varnish formed on automotive parts such as carburetors, transmissions, etc.

A. Combustibility

Safety-Kleen Immersion Cleaner is a combustible material. That means it will burn under certain conditions. Your Safety-Kleen Immersion Cleaner should not be installed where it can be exposed to heat, sparks or open flame; nor should there be any smoking nearby while a Safety-Kleen Immersion Cleaner unit is in use.

B. In Case of Fire

Use dry chemicals, foam or carbon dioxide to extinguish flame.

C. Toxicity

This solvent contains aromatic 150, N-Methyl-2-Pyrrolidone and Monoethanolamine. **DO NOT BREATHE VAPORS! HARMFUL OR FATAL IF SWALLOWED! DO NOT INDUCE VOMITING! CALL A PHYSICIAN IMMEDIATELY. KEEP AWAY FROM EYES! WASH IMMEDIATELY AND COPIOUSLY WITH RUNNING WATER. CALL A PHYSICIAN.**

Avoid contact with skin and clothing. If solvent is inadvertently spilled on skin or clothes wash immediately with running water. Remove clothes as quickly as possible and discard.

IV. SAFE USE OF YOUR SAFETY-KLEEN IMMERSION CLEANER

1. Keep away from heat, sparks and flame. Do not place hot parts in solvent.
2. Use only solvent provided. DO NOT ADD OTHER CHEMICALS TO THE CLEANING SOLVENT, INCLUDING BUT NOT LIMITED TO KEROSENE, FUEL OIL, GASOLINE, DETERGENTS OR CHLORINATED SOLVENTS. The use of any other solvents potentially causes a hazardous condition over which Safety-Kleen has no control.
3. Do not smoke, drink or eat in work area.
4. Use only in well ventilated locations. Avoid repeated and/or prolonged breathing of vapors. Vapors are heavier than air and will collect in low areas.
5. Avoid contact with eyes. Use protective eye wear such as chemical goggles.
6. Avoid contact with skin. Use protective gloves and protective clothing.

Should you desire any further information about our solvent, our service or our company, please do not hesitate to write or call Phone No. 1-800-669-5740.

RECLAMATION AGREEMENT

Safety-Kleen agrees to collect for reclamation from Customer the used solvent supplied by Safety-Kleen to the machine. Collection of the used solvent shall be on a periodic basis as otherwise provided herein. Safety-Kleen shall reclaim the used solvent for redelivery. Safety-Kleen has the capacity and is permitted to accept, store and reclaim the spent solvents described on this document.

Safety-Kleen and Customer agree that this agreement is intended to satisfy the requirements of 40 Code of Federal Regulations 262.20(e) as amended and any state regulations which implement said provision. Customer agrees to keep this form on file for 3 years from the date of last service.
